

## **Westinghouse WD12 Soda Cooler Replica**

Produced in the 1950's, the WD12 was commonly found at corner variety stores across America. It's distinctive bowed out chest makes it one of the most popular chest coolers. Reaching almost 4 feet in width, and standing over 3'6" tall, the WD12 can hold over 250 beverages! Choose from either our ice chest or refrigerated unit.

### **Ice Chest Cooler**

Great for backyard BBQ's, tailgating and even for commercial use. This unit features a fully insulated tub, heavy-duty casters, hi-gloss gel coat finish and decoration of your choice. Insulated lid and stainless steel kick plate are optional.

110 Volt. UL Listed. Made in the U.S.A.

**Dimensions:** 3'6" H x 4' W x 2'6" D

**Weight:** Approximately 110 lbs.

**Item No:** WD12

### **Refrigerated**

We keep your drinks cold by using a commercial grade compressor and cold plate refrigeration. Fully insulated tub and lid, chrome lift handles, stainless steel kick-plate and heavy-duty casters all come standard. If you want to use it where there's no electricity...no problem! Just freeze the cold plate, unplug, add ice, and wheel it outside. You get the best of both worlds!

110 Volt. UL Listed. Made in the U.S.A.

**Dimensions:** 3'6" H x 4' W x 2'6" D

**Weight:** Approximately 180 lbs.

**Item No:** WD12-R
